St. Martha's Hospital
Bangalore City
24½ May 1913.

My dear Mrs. & Dr. Gamm,

Captain Irvine has sent in the artichokes, which you so thoughtfully destined for us. They were quite a rare dish in our Refectory & were very much enjoyed, also our Sisters desire me to thank you very much for them. I was very unlucky as I have had a very serious attack of my old complaint & so had to do without them & it reminds me of the salad.!!
I am feeling much better, but my cough is still troubling me very much, but I expect in a short time I shall be quite strong again. I expect you have met Col. Smyth, he told us he was going to Ooty. Was it not good of him to pay us a visit, when he was only quite a short time in Bangalore: We were so pleased to hear from Captain Irvine that, both you & good Col. & Dr. Gamm were keeping good health. Rev. Father Bonnétraine also wrote & told us of the very nice reception you gave him, he could not write enough of yourself & Col. & Dr. Gamm & the Irvines & seemed to have been in his glory. What a pity he is so very deaf. He told us that he spoke to you of our project & that you & Col. & Dr. Gamm have taken quite an interest in them. Yes we have ideas in our heads, when they will be realized it will be quite a

2)

different Matter. We first proposed to build a big block to detach the Centre Building & which would be utilized for an operation room, a surgery, a consulting room for the Doctor, & a ~~Cabinet~~ consulting room for each one of the two Sisters (Doctors) who prescribe for the out-door-patients. Our Buildings are now so limited with the great number of patients we are having: Then we intended to build 2 more wards, because we have at present to refuse admittance to many patients. This would be a fine thing - & we could then do a great amount of good in every respect. These are our first plans, which I fear have to be put aside for the time being in favor of another project, which is still more necessary. You know how small & badly united our own Buildings are, & our Sisters are much inconvenienced by it, & for the good of their health we think it is more urgent that we should erect a comfortable & airy house for them. We mean to build on the same spot where the present one is, but build a second story to it. The space we have at our disposal will not permit, that we could get sufficient room without a second story. Do please ask good Col. McGann, if he thinks it any possible use, to approach the Bengal Govt to aid us to erect this building. He knowing their policy so well, may be able to advise us about it. The building, it is true, is not for the patients; yet, we who care for the patients must all the same have a lodging. I expect you must have met the Dewan ere long, he I believe, is shortly to return to Bangalore, I wonder if it be any

(3

mortal me to see him about it, in any case I shall await the opinion of Col. & Mrs Gamm.

I am sure I am bothering you with our projects, which seem so many castles in the air, when we think of our precarious circumstances, yet we must try & trust in God's Divine Providence.

Do you expect to stay for some time yet in London, I do hope, we shall see you before leaving it. Poor General Fiche has left this world, I wonder what poor Mrs Stephen, his daughter & her Children will do, I believe he was their sole support. Do you ever hear of Miss Vivian? We heard once she was to be married, I wonder if there was any truth in that report. I have been thinking very much of you on the feast of Corpus Christi, it being the anniversary of your first Communion & I said a special prayer for you.

Think me dearly beloved Col. & Mrs Gamm as well as also dear Mrs Dennis & the little Dears. I wonder if he took his Governess Cart & the Donkey, or Punch I should say with him. He must be very interesting & amusing & I am sure you don't feel lonely, having him with you.

Believe me
dear Mrs & Mrs Gamm
Yours very sincerely
Mrs. Emphraim de la.
